Q Greta Van Susteren admits having her eyes fixed, but doesn't it look like she had other surgery? —Steve Kohl, Rock Hill, Mo.

A We think so, and so does Dr. Robert Kotler, one of Hollywood's hottest plastic surgeons. "The swelling that she says changed her face would have subsided 10 days after lower-lid surgery," he notes. "I see evidence of neck sculpture—maybe liposuction or even a chin implant—to freshen her jawline." Van Susteren, 47, tells us she's sticking with her "eyelids-only" story.

TV anchor Greta Van Susteren— one of the new faces at the Fox News Channel— with her new face (r)
